

KASHYAP JOSHI

Assistant Project Manager | Construction Project Coordinator | BIM/VDC

Boston, MA USA | (617) 906-1438 | joshi.kas@northeastern.edu | [Website](#)

TECHNICAL SKILLS

Project Management: Project lifecycle coordination, scope tracking, scheduling, budgeting, procurement, risk identification, progress reporting, stakeholder communication, project closeout

Construction Administration: RFIs, submittals, change orders, meeting minutes, action-item tracking, coordination logs, punch lists, drawing & specification review, document control

Project Controls & Cost Management: Primavera P6, Microsoft Project, CPM scheduling, WBS development, critical-path analysis, cost estimating, BOQs, budget tracking, cost-impact review

Field, MEP & Quality Coordination: Office-field coordination, subcontractor coordination, MEP coordination, constructability review, QA/QC, site inspections, field verification, safety compliance

BIM/VDC & Facilities: AutoCAD, Revit, Navisworks, BIM 360, Scan-to-BIM, clash detection, BIM coordination, CAD/CAFM integration, as-built documentation

Software: Procore, Primavera P6, Microsoft Project, Excel, Bluebeam Revu, AutoCAD, Revit, Navisworks, BIM 360, Adobe Creative Suite

PROFESSIONAL EXPERIENCE

UMass Chan Facilities Engineering & Construction – Project Delivery Co-op (Worcester, MA) Jan 2026 – Jun 2026

- Administered 100+ RFIs, submittals, drawing reviews, and coordination records in Procore, maintaining organized project documentation and reducing issue-resolution time by 20%
- Collaborated with project managers, contractors, architects, engineers, and consultants to resolve design, documentation, and construction issues across 3 concurrent capital projects
- Conducted site visits and field verification, reviewing construction drawings and specifications, and monitoring schedule, budget, safety, and quality compliance
- Monitored change orders, scope revisions, and cost impacts; prepared progress reports and maintained deliverable logs to improve schedule and budget visibility across active capital projects
- Performed multidisciplinary BIM/VDC and MEP coordination using Navisworks, identifying constructability conflicts and eliminating field rework before mobilization
- Established a BIM Execution Plan and Scan-to-BIM workflow for a 500,000+ SF healthcare facility; oversaw CAD/CAFM and as-built drawing updates for long-term facilities management

JNK Architect – Architect Project Manager Jul 2023 – Sept 2024

- Planned and managed 8+ residential and mixed-use construction projects (\$1.2M+ each) from preconstruction through closeout, delivering on schedule, within budget, and to quality compliance
- Built and maintained project schedules using Primavera P6 and Microsoft Project, evaluating critical-path activities and addressing deviations across 4 active workstreams
- Reviewed architectural, structural, and MEP drawings for constructability and scope alignment; supported procurement across \$8M+ in project value with BOQs, cost estimates, and bid documents
- Conducted QA/QC inspections across 6+ projects, reducing rework by 20%; enforced safety protocols across 2,000+ work hours with a zero-incident record and resolved punch-list items for handoff

Incept The Design Studio – Architect & Project Coordinator Intern May 2022 – Nov 2022

- Structured WBS and CPM schedules with 4D sequencing in CM Builder; produced 50+ drawings and 3D models in AutoCAD and Revit to support preconstruction planning and construction documentation
- Integrated multidisciplinary Revit models across architecture, structure, and building systems, identifying design conflicts and improving team collaboration to reduce coordination conflicts by 15%
- Prepared BOQs, quantity takeoffs, cost estimates, and tender documents to support budget planning and procurement decisions across 4 projects

CERTIFICATIONS

OSHA 30-Hour Construction Safety and Health Certification | Procore Certification: Project Manager | Construction Manager-in-Training (CMIT) | BIM 360: Docs Essential Training | Construction Management: Reading Civil Construction Drawings | Construction Management: Planning and Scheduling | Learning Construction Estimating

EDUCATION

Northeastern University, Boston, MA Sep 2024 - Aug 2026

MS in Project Management (Construction Specialization) GPA: 3.8/4.0

Gujarat Technological University, Gujarat, India Mar 2018 - Jul 2023

Bachelor of Architecture GPA: 8.7/10
